PROFESSIONAL SUMMARY

Computer Science undergraduate at Dawood University of Engineering and Technology with practical learning experience in Python, data analysis, introductory machine learning, LLM API integration, web scraping, and AI-generated video production. Projects include student-performance analysis, a Gemini-powered video-prompt chatbot, and exploratory analysis of 20+ Kaggle datasets. Interested in building practical AI/ML and computer-vision applications.

TECHNICAL SKILLS

Programming & Data Analysis: Python, NumPy, pandas, Matplotlib, Seaborn

Machine Learning: scikit-learn, data preprocessing, exploratory data analysis, model training and evaluation fundamentals

AI & LLM Applications: LLM APIs, Gemini API, prompt engineering, LangChain (learning/practice)

Deep Learning & Computer Vision: OpenCV; foundational study of CNNs, RNNs, and Transformer architectures

Development & Automation: FastAPI (learning/practice), n8n, web scraping

AI Content Production: AI video generation, story concepts, scene prompting, and editing workflows

SELECTED PROJECTS

- **Student Marks Analysis and Prediction:** Analyzed student-performance data with Python tools and explored relationships between outcomes and factors such as stress level and screen time.
- **Gemini-Powered Video Prompt Chatbot:** Built a learning project using the Gemini API to generate prompts for AI video creation and support a structured creative workflow.
- **Kaggle Dataset Analysis:** Practiced exploratory data analysis and prediction workflows across 20+ Kaggle datasets using Python-based data handling and visualization.
- **AI Video Generation and Filmmaking:** Created AI-generated video stories and short-form content, developing story concepts and scene prompts for later editing.
- **Machine Learning Practice:** Completed introductory classification and prediction exercises, including model-building practice with scikit-learn.

EDUCATION

BS Computer Science | Dawood University of Engineering and Technology, Karachi
Expected graduation: 2030

Intermediate | Federal Government College | 84%
Matriculation | Mehran Secondary School | 83%

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- **Data Science and AI Course:** Saylani Mass IT Training (SMIT).
- **PIAIC:** Enrolled; coursework in progress.

LANGUAGES

Urdu: Fluent | English: Good reading and writing; improving spoken fluency
